

BOOGIE GUIDE

Thanks for choosing us to be a part of your event! We know how much time and effort goes into planning, organising, and making sure everyone has a great time – we love your work!

WHAT YOU GET:

A mix of our promo goodies.
SkyGod's blessing on your boogie. Word!

HOW TO USE THE COOL SHIT WE SEND YOU

Stickers

Stickers look awesome in front of cameras. Hint hint.

We also encourage the adventurous sticking on a variety of surfaces! Some that come to mind are vehicles, door frames, helmets, walls, beer taps, faces, laptops, phones, skydive airplanes, mock ups – you name it.

Pull-ups

Two words; packing mat. Drop a decent amount on the mat in the morning, or on top of people's rigs as they are packing after a jump. These may work as cool belts or key ring replacements too!

Other stuff

In case you've also received prizes for your event or other small items to hand out, what we love is the idea of making it a shitload of fun! Run a competition of most creative sticker placement, have your staff wear our t-shirts for the day, take a funny picture with the prize winner – endless and limitless possibilities!
